

Product

IK2MF22	IntaKlean 2 magnetic filter 22mm
IK2MF28	IntaKlean 2 magnetic filter 28mm
IK2MF114	IntaKlean 2 magnetic filter 1 1/4" female

Technical Specification

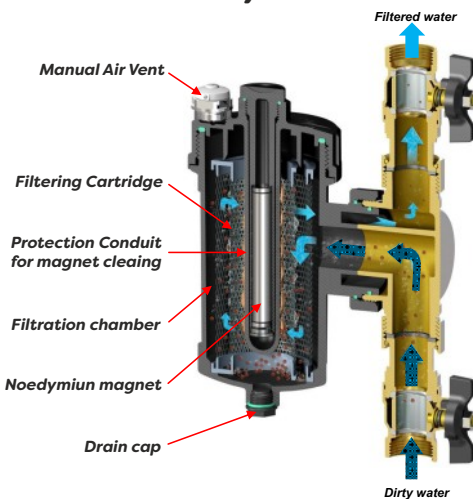

Max Operating Temperature:	90°C
Max Operating Pressure:	4 Bar
Compatible Fluid:	Water / Water + Glycol 50%
Filter:	11000 Gauss

Drawing

*Dimensions in mm unless stated

Water Pathways

Additional Information

Unique double gauze triple action filter removes magnetite, non-ferrous debris and trapped air

Fully removable 11,000 Gauss magnet

500ml filter pot ideal for chemical dosing

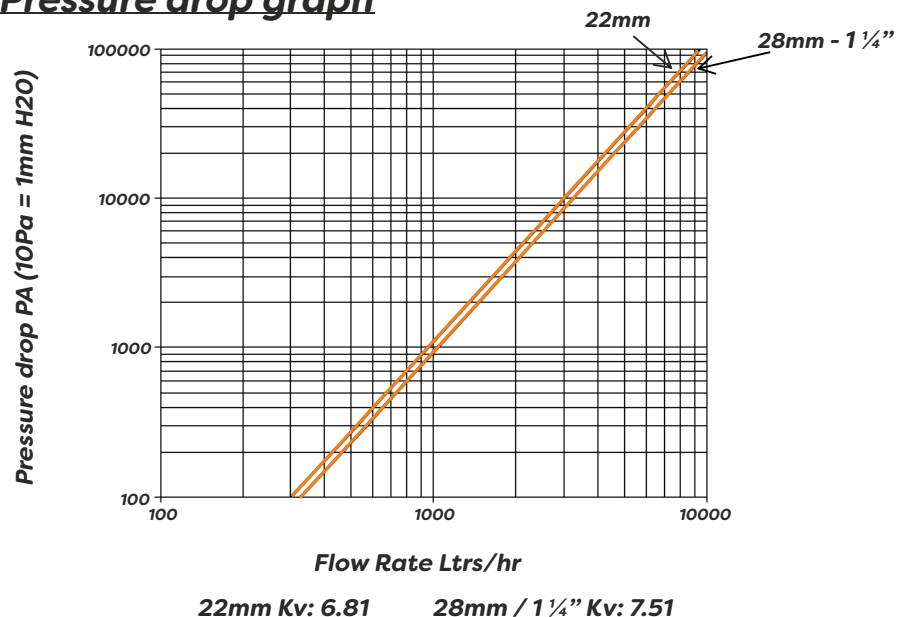

Manual air vent

360° installation

No requirement for lid removal tool

5 years warranty
