

# Monument (MON1512)

## 1512L Pipe Dry Testing Kit

Monument Pipe Dry Testing Kit is ideal for dry testing pipework during and after installation. The 1512 has an easy to read triple scale bar in psi and kPa scales and is suitable for water, air, gas and petroleum oil pipes up to 4 bar and for testing combi systems. Can be left on test while flooring is laid to reveal any nail damage. It can also test hot and cold supplies separately to ensure pipes are not crossed. The Monument 1512 is fitted with a Schrader Valve and 15 mm push fit fitting for quick and easy assembly and has a rubber boot for added protection.
