15/05/2023
V1.1 ADZ

Meets Latest Installation
Codes of practice BS6891

Technical Information	
Size	DN12 or DN16
Hose Length	Various
Maximum Operating Pressure	0.5 Bar
Material	Stainless Steel 316L
Operating Temperatures	-20°C / +60°C
Inlet connection	1/2" BSPT Male
Outlet connection	15 or 22mm Compression
Cover	Grey PVC Yellow Stripe with Markings UV Stabilised
Relevant Standards	ISO 10380
Other Information	Available with & without 1/8" Test Point

CLESSINOX Features & Benefits

- Designed and manufactured to BS EN ISO 10380, to meet the installation requirements of BS6891:2015.
- Flexible corrugated stainless steel hose.
- UV stabilised PVC outer cover protection.
- 1.2m length.
- Available in 35kW and 70kW versions with low pressure loss (less than 1 mbar).
- Available with and without integrated testpoint.
- Available with 15mm and/or 22mm compression fittings.
- Rodent resistant.

Product Code	Description
UUSS35KWTP15&22	Clessinox 35kW/h Stainless Steel Testpoint Hose 1.2m 1/2" BSPTM x 15 & 22mm Compression
UUSS35KWTPX22	Clessinox 35kW/h Stainless Steel Testpoint Hose 1.2m 1/2" BSPTM x 22mm Compression
UUSS35KWTPX15	Clessinox 35kW/h Stainless Steel Testpoint Hose 1.2m 1/2" BSPTM x 15mm Compression
UUSS35KWX22	Clessinox 35kW/h Stainless Steel Hose 1.2m 1/2" BSPTM x 22mm Compression
UUSS35KWX15	Clessinox 35kW/h Stainless Steel Hose 1.2m 1/2" BSPTM x 15mm Compression
UUSS70KWTP15&22	Clessinox 70kW/h Stainless Steel Testpoint Hose 1.2m 1/2" BSPTM x 15 & 22mm Compression
UUSS70KWTPX22	Clessinox 70kW/h Stainless Steel Testpoint Hose 1.2m 1/2" BSPTM x 22mm Compression
UUSS70KWTPX15	Clessinox 70kW/h Stainless Steel Testpoint Hose 1.2m 1/2" BSPTM x 15mm Compression
UUSS70KWX22	Clessinox 70kW/h Stainless Steel Hose 1.2m 1/2" BSPTM x 22mm Compression
UUSS70KWX15	Clessinox 70kW/h Stainless Steel Hose 1.2m 1/2" BSPTM x 15mm Compression
